

	GREEN			
				
		FREE		
An herb used in cooking 				
RED		Smells sweet		fuzzy

Great job, that was fun,
 How I do love the sun!
 Let's enjoy these rays,
 And go learn more from the home of the Jays!

JOHN JAY HOMESTEAD GARDEN BINGO

Through the gardens, here we go,
Let's discover all the plants that grow.
As I look about, I start to see,
Lots of things that look interesting to me.
Pretty things, many and few,
Can you spot these things too?
You may have to use more than your eyes,
Explore down to the earth and up to the skies.
Turn over and begin your game,
And when you find a row or column, you can exclaim...

“BINGO!”
